ABOUT THE CHALLENGE

The Premier's Reading Challenge (PRC) is an annual state-wide initiative for state and non-state schools and home-educated students up to Year 9, as well as children attending early childhood centres. Since the program's inception in 2006, more than 20 million books have been read, and in 2023, 110,000 school, early childhood and individual readers participated in the challenge reading more than 1.5 million books throughout the PRC reading period.

The challenge is not a competition however aims to improve literacy and encourage children to read widely for pleasure and learning. Students can participate in the challenge within their school or as individual readers (home-educated students or students whose schools are not participating in the program).

For a student to successfully complete the challenge they must read or experience the allocated number of books for their year level during the reading period. Students who complete the challenge have their efforts recognised through the receipt of a Certificate of Achievement.

Why read?

Literacy skills are vital to ensuring children have the best chance to succeed in their schooling and life. The PRC is an opportunity for students to be enthusiastic about reading, writing, authors and illustrators. Reading a variety of books builds vocabulary and knowledge, improves spelling and comprehension, can improve confidence and is also a great way to relax.

Key dates

Date	Activity
22 April 2024	Registration opens for individual readers via the PRC online database
7 May 2024	Reading period commences for Prep – Year 9 students
23 August 2024	Reading period finishes for Prep – Year 9 students
26 August – 6 September 2024	Student reading achievements entered into the PRC database
6 September 2024	All reading data must be finalised in the database
Early October 2024	Certificates of Achievement mailed out
October 2024	PRC Celebration Weeks

Reading requirements

While there is no compulsory reading list for the challenge, book lists have been developed by teacher librarians and in conjunction with the Department of Education's (DoE) State Schools – Curriculum branch, to help students, teachers, parents and carers select age appropriate reading material. The book lists are available on the [PRC website](#) and have been divided into year level groups.

Students are encouraged to select a range of fiction and non-fiction books suited to their reading ability. Students are welcome to read books from previous years' book lists and from lists for other year levels.

Book titles are also available in Chinese, French, German, Indonesian, Italian and Japanese. Students learning languages from Prep (or students with a family background in a language other than English) can choose to read or experience any books in additional languages to English as part of the challenge. Books in additional languages are not in year-level groups. Language teachers will be able to make decisions about appropriate books for students at their schools based on their understanding of students' level of language learning and their interests.

To successfully complete the PRC, students must read or experience the number of books indicated in the table below in English or additional languages.

Year level	Number of books
Prep – Year 2	Read or experience 20 books
Years 3 – 4	20 books
Years 5 – 9	15 books

The requirement for Year 5 through to Year 9 students to read 15 books acknowledges that older students are likely to select longer, more complex books that may take them longer to read.

If they have time, students are welcome to read more books than the challenge requirements. All books will go towards Queensland's total PRC tally, so the more the better! When entering student reader records to the database, you won't need to input book titles, just the total number of books read.

TIPS FOR PARTICIPATION

Encouraging students to read

Parents, carers, teachers, aides, siblings, student buddies and classmates play an important role in encouraging students to develop a love of reading. Some ideas to consider are:

- make time to read each day – ensure this time is fun and exciting
- suggest books, authors or themes your child may enjoy
- retell stories that you have enjoyed
- make book recommendations with friends
- for students with language backgrounds other than English, encourage them to read books in their background language/s. Language book lists are available on our [Book lists page](#). Your local public library may have books available in additional languages and/or may be able to source books in additional languages to meet the needs of your community. The [Brisbane School of Distance Education's library](#) may also be able to assist with loans of books on the additional languages book lists.

Encouraging your child to participate in the PRC

- Make the PRC part of their daily or weekly routine
- Celebrate achievements throughout the challenge
- Keep the reader record form in a prominent place to showcase progress
- Download and print the bookmark from the PRC website for keep track of their reading progress.

2024 Premier's Reading Challenge

The Premier's Reading Challenge is an annual statewide initiative for state and non-state schools and home-educated students up to Year 9, and children enrolled in an early childhood centre or program.

The challenge is not a competition but aims to improve literacy and encourage children to read widely for pleasure and learning. Children and students can participate in the challenge within their school, early childhood centre or as individual readers (home-educated students or students whose schools are not participating in the program).

For Prep — Year 9 students to successfully complete the challenge they must read or experience an allocated number of books based upon their year level during the reading period.

Early childhood centres can participate in an abridged version of the challenge by tallying the total number of book experiences or literary activities over a one week period.

Children and students who complete the challenge will have their efforts recognised through the receipt of a Certificate of Achievement signed by the Premier of Queensland.
